

RECENT NPDES COMPLIANCE PROJECTS

IES Client: CCL Contracting Inc.
Project: Buena Vista Force Main Replacement – Phase 2
Lead Agency: City of Oceanside
SWPPP Date: October 30, 2006

IES prepared the SWPPP for the Buena Vista Force Main Replacement, Phase 2 - Vista Way to Oceanside Blvd. The project included the replacement of approximately 7,940 lineal feet of 24 inch or 28 inch HDPE sewer force main as well as 250 lineal feet of 42 inch casing surrounding the force main at the North County Transportation District's right-of-way located within section C-7 of the City of Oceanside Contract Drawings [726-86-5472], near the northern portion of the project boundary. The project extends from just north of Vista Way north within the Via Esmarca right-of-way, turns east within the Via Las Rosas right-of-way then turns north and continues within the El Camino Real right-of-way, terminating at Oceanside Blvd.

IES Client: Burford Bypass Trust
Project: CAL EPA DTSC Docket No. HAS-A 05/06-030
Lead Agency: City of Blythe
SWPPP Date: January 5, 2007

IES prepared the SWPPP for the BBT Property which is located in Riverside County within the City of Blythe. The work to be performed consists of the removal of approximately 10,000 tons of soil within the shallow subsurface over an area of approximately 2.8 acres that has been affected by historic pesticide handling at the property. This work is being conducted within the California Environmental Protection Agency, Department of Toxic Substances Control Voluntary Cleanup Agreement with their oversight and approval. IES prepared the Removal Action Workplan, SWPPP and conducted all NPDES compliance operations, including BMP design and placement.
